- Finishing profile included
- Anthracite grey and black
- Powder-coating Qualicoat® and Qualimarine® with textured effect

Anthracite grey
RAL7016

Black RAL9005

Resistant and elegant posts

The BOSTON 75×75mm post is simple and resistant, thanks to its reinforced 2.2mm cross-section. When set in place, it withstands winds of 120km/h for a panel height of 1m80. It features three grooves 22mm wide and 20mm deep. It handles 90° angles. An optional corner pivot allows all angles to be managed. The post is supplied with a finishing strip. Posts can be fixed to a base plate or grouted. Available in anthracite grey and black, the posts are protected by a Qualicoat® and Qualimarine®-certified powder coating.
