SUPPORT

- Sheet thickness 12mm
- Fitted with screws for fixing the plate to the bracket
- Fixing between wall and support at installer's discretion
- Fixing between wall and support at installer's discretion

Anthracite grey
RAL7016

A sturdy, intelligent support for
securing the fence to a low wall

The wall-mounted base plate support allows the fence to be installed on a narrow wall (>14cm) by offsetting the fixing points to the side of the wall. The bracket is compatible with the 75×75mm post plate (size 120×120×200mm).
