## WEO ESSENTIAL CLADDING

- ◆ STRIKING NATURAL WOOD LOOK
- ◆ ROT-PROOF AND STAIN-RESISTANT
- ◆ MULTI-CHROMATIC MATT COLOUR

### ◆ A traditional cladding with beautiful natural looking

WEO ESSENTIAL cladding renovate your facade with charm and elegance. Installed horizontally or vertically, they can be used to create a warm and traditional style or a contemporary and dynamic look. The boards offer unique performance: rot-proof and highly durable, they are perfectly resistant to stains and UV over time. The 4 colours available in the range are all multichromatic with subtle nuances, giving a highly realistic, natural effect.

### ◆ Environment

LIFETIME	> 20 years
RECYCLED MATERIAL	wpc
END OF LIFE RECYCLABILITY	95 %
CERTIFICATION	FSC®-certified

## ◆ Characteristics

WPC Composition	HDPE : 40% / Wood fibers : 48% / Mineral : 12%	Density (kg/m3)	1150
Main material	WPC	Linear mass (kg/m)	1.64
Installation type	To screw		
null	Cladding		
Certification	FSC®-certified		
Type of surface	Co-extrusion		
coextrusion			
Pigmentation	Random pigmentation		
UV resistant	oui		
Stain resistant	oui		
Fire classification	Euroclasss E
