

## BOSTON - STEEL REINFORCEMENT FOR WPC BOARDS (4PCS)

- Prevent composite boards from warping
- 4 reinforcements included
- One reinforcement every 3 boards

Raw steel

### Essential reinforcements for WPC rigidity

Steel reinforcements stiffen wood composite boards, which can warp due to temperature differences between the two surfaces. They compensate for this effect. It is recommended to fit every fourth board.

### Environment

### Characteristics

	Fencing
Main material	Metal
