

fiberon

FIBERON PROTECT PLUS 24X136MM

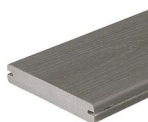

- Wood grain on both sides
- 360° co-extruded composite - Hardcap
- Hidden fixation with Cobra Hybrid 8-18
- Removable
- Very low maintenance

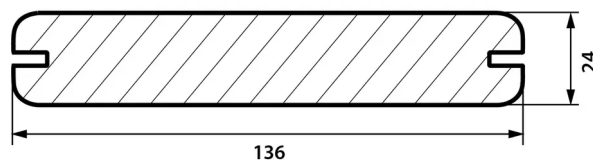

Chai

Latte

Earl grey

Durable, maintenance-free wood decor

Fiberon® co-extruded composite decking using Permasec® technology. The protective layer covers the entire board. It protects the board against stains and discolouration. The 2 faces are identical. The board is solid and solid. It works like wood. The wood decor is printed in the mass, giving the board its character. The colours are multichromatic. Maintenance is carried out with a broom and clear water. Cleaning is kept to a minimum. A few millimetres of extra length at the end of the board to be recut on delivery. Installation with Cobra Hybrid 8-18 or Cobra 24 clips.

Environment

FIBERON PROTECT PLUS 24X136MM

Characteristics

Main material	WPC
Installation type	Installation with clips
Type of surface coextrusion	Co-extrusion
Pigmentation	Random pigmentation
Type of profile	2 faces Solid profile
UV resistant	oui
Stain resistant	oui
Modulus of elasticity (Mpa)	3087
Reversible profile	oui
	Decking
