

FelixWood

BANGKIRAI POST 68X68MM - P511

- Rot-proof post
- 2 grooves on each side
- Available in several lengths

A sturdy exotic wood pole

Bangkirai, or Yellow Balau, is a dense and durable wood that we have been importing for several decades with unique expertise. The majority of our wood comes from FSC certified forest concessions. The wood is carefully controlled, cut, and dried on the island of Java according to Felixwood's quality requirements. We artificially dry all our boards before planing. This ensures the best quality and stability.

Environment

Characteristics

Specie	Bangkirai	Density (kg/m3)	910
Origin (country)	Indonesia		Fencing
Treatment	No treatment		
Main material	Wood		
Scientific name	Shorea spp.		
Botanical family	DIPTEROCARPACAE		
Drying	KD 18 +/-2%		
Durability for fungus	durable		
Durability to termites	Very durable		
Class of use	Classe 4
