

COBRA® HYBRID 7-22 (90 CLIPS+SCREWS)

- Compatible with most grooved bamboo boards
- High pull-out resistance
- Pre-installed screw - 3 sizes available S/M/L
- Self-drilling - Fixing in wood or aluminum
- No pre-drilling required - Screwing bit included

4,2 × 27mm (S) 4,2 × 35mm (M) 4,8 × 43mm (L)

Universal bi-material clip for bamboo and thermo-modified wood deck boards

Bi-material clip composed of an asymmetric stainless steel fin and a honeycomb body in high-density polypropylene. Pre-equipped with a high-performance self-drilling C1 stainless steel screw. Suitable for bamboo and thermally modified wood decking. Universal, compatible with reversible boards from 18 to 24 mm thick and maximum 150 mm wide. Fixing on wood or aluminum joists. Respects and controls decking movements. Simple and quick assembly. Local disassembly possible.

Environment

LIFETIME	> 20 years
GHG EMISSIONS	6.885 (GES)
