

GEOTEXTILE FELT 10 SQM

- Keeps the weeds at bay
- Draining
- Black, invisible under the structure
- Resistant
- Compatible with all types of soil

Black polypropylene geotextile felt

Roll of opaque black polypropylene geotextile felt. Prevents weeds from growing back. Rot-proof and hard-wearing, it is easy to lay on the ground, soil, lawn, etc. Permeable to water, it helps water to drain down.

Environment

GEOTEXTILE FELT 10 SQM

Characteristics

	Fasteners
Main material	Polypropylene
