

Fiberdeck®

DECKING BOARD EXOTICS 22,5X138MM

- Reversible profile: 2 useful two-tone faces
- 360° co-extruded protective layer
- Multi-chromatic shades
- Look and feel of natural wood
- Slot for Cobra Hybrid 8-18 stainless steel clip

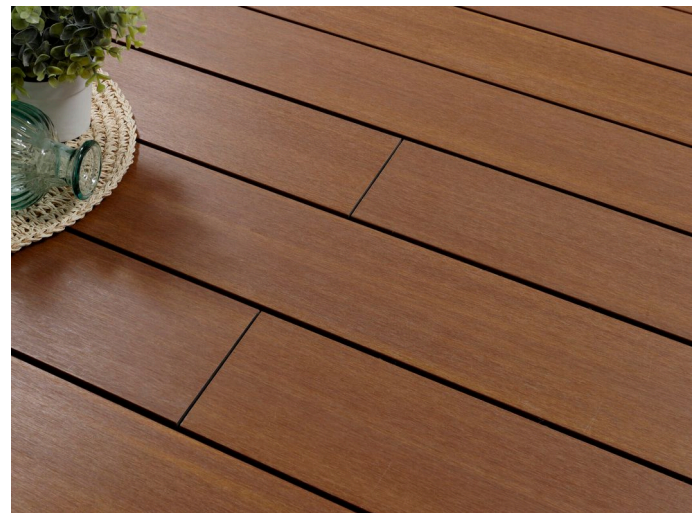

Ipe

The authentic beauty of Ipe for life

EXOTICS co-extruded deck boards own two different faces and offer a choice of 3 colors : RED, YELLOW, BROWN. They precisely reproduce the authentic Ipe shade thanks to the random colors mix and to the fine polychromatic texture of the surface. So the natural wood aspect is perfectly imitated. The 360° co-extruded protective layer strongly protect the decking boards against shots and stains. The installation performs with the Cobra Hybrid 8-18 stainless steel clips.

Environment

LIFETIME	> 20 years
RECYCLED MATERIAL	WPC
END OF LIFE RECYCLABILITY	95 %
CERTIFICATION	FSC®-certified

Characteristics

Cuttable	non	Stain resistant	oui
WPC Composition	35% HDPE / 55% Wood fibers / 10% Additives	Density (kg/m3)	1240
Main material	WPC	Linear mass (kg/m)	3.7
Installation type	Installation with clips	Hardness (Brinell) N/mm2	66.5
Pre-drilling required	non	Modulus of elasticity (Mpa)	4374
Certification	FSC®-certified	Bending strength	32.56
Type of surface coextrusion	Co-extrusion	Thermal conductivity (W/m*K)	0.19738
Pigmentation	Random pigmentation	Reversible profile	oui
Type of profile	2 faces Solid profile	Joist spacing (mm)	400
UV resistant	oui		Decking
