- Aged wood side - smooth side
- 360° Co-extruded WPC
- Hidden fixation with Cobra Hybrid 8-18 clip
- Demountable
- Very low maintenance

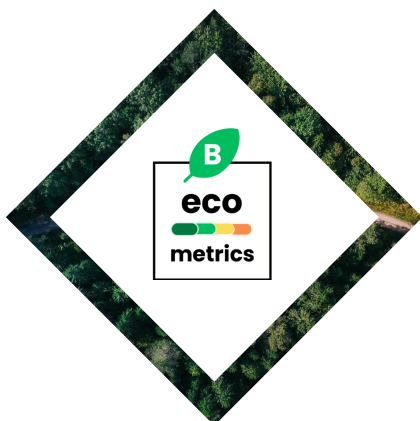

Graphite/Wenge

Lunar
grey/Cedar

The charm of aged wood

The VINTAGE decking boards resemble aged exotic wood, which has been weathered over time. The wood fibers are textured and the colors offered are close to natural shades. Like all Fiberdeck® decking boards, they are coextruded to be protected from stains and fading. Installation is done with removable Cobra® 8-18 clips. Finishing can be done with Vintage 23×138mm screw-in boards.

Environment

LIFETIME	> 20 years
GHG EMISSIONS	2.01 (GES)
END OF LIFE RECYCLABILITY	95 %
CERTIFICATION	FSC®-certified

VINTAGE DECKING 22,5X210MM DUAL COLOR

Characteristics

Main material	WPC	Hardness (Brinell) N/mm2	72
Installation type	Installation with clips	Modulus of elasticity (Mpa)	3720
Certification	FSC®-certified	Bending strength	36.3
Type of surface coextrusion	Co-extrusion	Thermal conductivity (W/m*K)	0.19738
Pigmentation	Random pigmentation	Reversible profile	oui
Type of profile	2 faces Solid profile	Joist spacing (mm)	40
UV resistant	oui		Decking
Stain resistant	oui	Cert. Product class	W9-1
Density (kg/m3)	1170	Certificate group code	FSC TRANSFER
Linear mass (kg/m)	58
