

ALUMINIUM RAIL KX-3000 3M (1PC)

- Fastening rail
- Nesting and reversible
- Aluminum material

Noir RAL9005

Aluminum support rail

The support rail is in black coated aluminum for a totally discreet appearance on the facade and allows the clip to be connected. It gives the possibility of adjusting the desired spacing between boards.

Environment

LIFETIME	> 20 years
GHG EMISSIONS	8.21 (GES)
RECYCLED MATERIAL	Aluminium
END OF LIFE RECYCLABILITY	10 %

ALUMINIUM RAIL KX-3000 3M (1PC)

Characteristics

Main material	Aluminium
Material thickness (mm)	2
Finishing	Anodisation
Linear mass (kg/m)	0.7
	Cladding
