### ◆ Discreet fastening for WEO cladding

4.2x38mm A2 stainless steel cladding screws allows to fasten WEO35 and WEO60 cladding boards to wood and aluminum frame. Screwing is made in the bottom of the wave. Head screw is coated in the same colours as composite cladding boards : very discreet to ensure the harmony of facades in the best possible way. WEO screw are easy-to-use and facilitates maintenance operations.

### ◆ Environment

LIFETIME	> 20 years
GHG EMISSIONS	6.885 (GES)
RECYCLED MATERIAL	Stainless steel
END OF LIFE RECYCLABILITY	0 %

## WEO® CLADDING – 4,2X38MM SCREWS (100PCS)

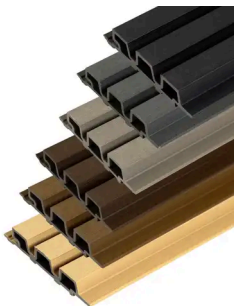

### ◆ Characteristics

Quantity per Sales Unit	100	Screwdriver bit provided	oui
Main material	Stainless steel		
Stainless steel grade	AISI 304 / A2		
	Fasteners		
Screw head type	Pan head		
Type of screw recess	Torx T20		
Thread type	Full thread		
Screw length (mm)	38		
Screw diameter(mm)	4.2		
Selfdrilling screw	oui
